- 17 1. Each Precinct Convention shall be entitled to elect one delegate and one alternate to the County or  
18 Senatorial District Convention based on a ratio of one (1) for each twenty-five (25) votes and major  
19 fraction thereof within the boundaries of the voting precinct and further shown in more detail on the  
20 following table, provided that any Precinct Convention shall be entitled to elect at least one (1) delegate  
21 and one (1) alternate:

Votes	Delegates	Alternates
0-37	1	1
38-62	2	2
63-87	3	3
88-112	4	4
113-137	5	5
etc.	etc.	etc.

1  
2           2. Each County or Senatorial District Convention shall be entitled to elect one (1) delegate and one (1)  
3           alternate to the State Convention based on a ratio of one (1) for each 300 votes and major fraction thereof  
4           within the boundaries of the County or Senatorial District and further shown in more detail on the  
5           following table, provided that any County or Senatorial District Convention shall be entitled to elect at least  
6           two (2) delegates and two (2) alternates:

Votes	Delegates	Alternates
0-750	2	2
751-1050	3	3
1051-1350	4	4
1351-1650	5	5
etc.	etc.	etc.

7  
8           3. Each Precinct and County or Senatorial District Convention delegate and alternate delegate entitlement to  
9           the State Convention shall be increased or decreased proportionately among all delegations to achieve a  
10          State Convention potential delegate and alternate delegate roll of no less than 7,500 delegates and 7,500  
11          alternate delegates and no more than 9,000 delegates and 9,000 alternate delegates to the State Convention.  
12          b. At the option of the local County Executive Committee (in counties containing only one senatorial district),  
13          Senatorial District Executive Committee (in a district comprising only a part of a single county), or the precinct

3 availability of space to use the formula permitting the maximum number.

4 c. The delegate and alternate entitlement in a presidential election year for a County or Senatorial District Convention

7 alternate entitlement from the County or Senatorial District does not exceed that provided for in this Rule. If the  
8 calculation of delegate and alternate entitlements by Congressional District are different from the calculation of  
9 delegate and alternate entitlements by County or Senatorial District, the following guidelines shall be used in  
10 adjusting the total delegate/alternate entitlements:

- 11 1. The delegate and alternate totals shall not be greater than the delegate/alternate calculation for the County  
12 or Senatorial District except that any Congressional District shall be entitled to elect at least one (1)  
13 delegate and one (1) alternate which may cause the delegate/alternate entitlement for a County or Senatorial  
14 District to exceed the total entitlement for the County or Senatorial District by the number of delegates and  
15 alternates from one (1) or more Congressional Districts with less than enough votes to get an entitlement of  
16 greater than one (1) pursuant to Section a of this Rule, in a presidential election year;
